Meet Our Team

Marc Schneiderman

Having left school at 15 and after two spells of employment with two different firms of estate agents I felt I could run my own business and established Arlington Residential in 1994.

Sacha Freeman

I have been working as a property agent for over a decade experiencing and enjoying the variety of architecture that West Hampstead, Hampstead and St John's Wood have to offer. From a young age, different architectural styles have always been something I have taken a great interest in.

Damian Jacobs

With over 20 years of residential lettings experience in some of the most sought after areas in North West and Central London including St John's Wood, Marylebone and Hampstead, I have rented some of the most impressive and beautiful properties the market has to offer.

Raymar Batten

I have spent the last 14 years working in residential sales, lettings and social housing and recently joined the team in St John's Wood. I am a member of the Association of Residential Lettings Agents (ARLA) with strong experience in contracts and compliance.
